Report sports and Annual day celebration 2020

MHMC has been organizing Sports Week each year for the well being and overall development of students. This year, the college sports meet was held on the 07 of February last. It was celebrated with great pomp and show. The students started gathering in the grounds early in the morning. First, we saw items like high jump, long jump, discus throw, Throw ball, Volly ball, etc. For the girls there were items like musical chair race and sack race Kho kho Badminton. It was spectacular show. Then, we had other races. It was great fun . In the evening, the chief guest Our Hon chairman G N Chhabada sir gave away prizes to the winners. The chief guest, in her short speech, inspired students to make a larger participation in games and sports

## Report tree plantation 2020

It was an amazing morning of 24<sup>th</sup> march 2020, Mahalaxmi Homoeopathic Medical College, Hospital and Research Centre Raigaon Satara organized a great event of the plantation of saplings. The college has been doing this since the year of its establishment. It was morning at 9:30 am students of respective classes were given the scheduled time earlier and were asked to report the college filed accordingly. The students reported the site on time and were given sapling of the trees. A total of about 20 trees were planted on the college campus and were furthered watered by the students.

The teachers planted the trees along with the principal himself too went for the plantation. Dr. Mangesh Ghodake guided the senior students and was given sapling to plant, which could resist the pollution.

## Report World Homoeopathy day 2020

seeks to bring the community together to establish, reinvent and modernize the system of medicine so that more people can reap its benefits. He also told In case of epidemics or pandemics, first approach is to follow preventive measures and to provide such interventions which will keep their immunity enhanced. Homeopathy therefore recommends issuing of public notice for Genus epidemicus identified by the designated experts for immunity enhancement and practitioners may suggest the same to the people and as per the Advisory issued by Ministry of AYUSH As a system with wholistic approach medicine were selected based on the presenting signs and symptoms of each patients

The remedies according to different stages of disease are given below:  
Mild Disease (Symptomatic Amelioration and Mitigation Approach):  
Medicines like Aconite napellus, Arsenicum album, Bryonia alba, Gelsemium sempervirens, Rhus tox. Eupatorium perfoliatum, Ipecacacunha, Belladonna, Camphora, may be used depending upon the symptoms similarity.
